### **FORM LETTER DSL-1045 - NOTICE OF TERMINATION OF REGISTRATION**

United States Department of State  
Washington, D.C. 20520

Dear Visa Applicant:

Reference is made to your registration as an applicant for an immigrant visa. Section 203(g) of the Immigration and Nationality Act, requires that your registration be canceled and any petition approved in your behalf canceled, if you do not apply for your immigrant visa within one year of being advised to do so.

You were advised of this requirement on \_\_\_\_\_, but you have failed to respond since then. As a result, you are hereby notified that your registration as a visa applicant has been canceled and any petition approved on your behalf has also been canceled.

Your registration may be reinstated and any petition revalidated if within one year, you can establish that your failure to pursue your immigrant visa application was due to circumstances beyond your control.

Sincerely,

LETTER
